

# Memory Builders

We specialize in design and build for custom homes. We also excel in complex remodel and renovation projects.

Our unique approach is to start working with the team early in the home vision and design process.

We believe working as a collaborative team helps us to better understand your needs throughout the construction and home maintenance process.

Our mission is to build lasting home memories for you and your family.

# Home Maintenance

Whether it's a leaky roof, a garage door that won't close or a problem with the heating or air-conditioning, getting someone to take a service call, when you need it, can be very difficult.

Wouldn't it be nice if you had a contractor checking in on your house on a monthly or quarterly basis, making sure they proactively spot and fix these problems before it's too late?

If you answered yes, please check out the packages we offer in providing year-round home maintenance so you have a worry-free home.

## Instant Value Package

- General Services: smart home, electrical, plumbing, air conditioning and heating
- Interior Services: floors, painting, windows, appliances and cabinets
