

MEMORY BUILDERS

Greg Burda

Sales and Project Manager

Greg has worked on numerous projects with Memory Builders throughout the years and finally found a permanent position here beginning in March of 2021 as our team's Sales and Project Manager over our home maintenance division. After spending years around large custom home construction in the Fort Worth area, Greg moved to Houston where his passion and knowledge in residential construction has grown tremendously.

With a business degree from Stephen F. Austin State University and over 20 years of experience in construction, Greg easily has the tools necessary to manage any kind of residential project.

Outside of Greg's past construction experience, he also spent years as an area manager for The Mattress Firm perfecting his skills and gaining extremely valuable knowledge in the customer service aspect of business. At Memory Builders Greg works mostly with clients on the front end of projects guiding clients on how to get their projects from a dream, to reality. In his spare time Greg spends most of his time with his wife and two young children, typically playing outdoors. Greg has a passion for the outdoors like no other, spending as much time as possible fishing remote parts of the world.
